

SIMPLY RUGGED. CLEAR COMMUNICATION.

Intelligent, compact, and ultra-rugged, DuraXA Equip performs under even the most challenging conditions. Combine the advanced capabilities and customizable features of this device with Kyocera's ecosystem of accessory partners and business application providers to get a Total Rugged Mobility Solution to address business specific needs.

DEVICE HIGHLIGHTS

Ultra-Rugged:

MIL-STD-810H tested for dust, shock, vibration, temperature extremes, blowing rain, low pressure, solar radiation, salt fog, humidity, freeze-thaw and icing/freezing rain; IP68 dust and waterproof¹; drop proof up to 1.5m (5 ft.) onto concrete².

Protection in hazardous locations: Non-incendive, Class I, Division 2, Group A-D, T4.

Usability:

Large font and clear display provide superior readability.

Large, tactile, glove-friendly keypad and buttons to allow easy accessibility.

Conveniently placed buttons at the top of the device provide quick access to activate the speakerphone and end calls.

Productivity & Connectivity:

Built for seamless communication, DuraXA Equip is Push-to-Talk (PTT) capable and provides crystal clear communication via cellular calling with HD voice.

Optimize battery usage and extend battery life with Eco and Battery Care Modes.

Safely use in vehicles hands-free and use Car Kit Power On/Off Mode to easily turn device on or off with ignition, when compatible car cradle is installed.

Customization:

Customize the main menu to set frequently used applications front and center.

Multiple programmable keys including programmable side button can be set to quickly open frequently used applications, speaker key, call list key, and 4-way navigation keys.

Business customers can manage and restrict device features on employee's phones with Device Control.

ACCESSORIES

Bluetooth® 4.2 + LE/EDR

Location Access:

Assisted GPS: Control Plane (VoLTE E911 only)

Standalone: GPS/GLONASS

Services and Applications:

Device Control

Push-to-Talk capability

Customizable main menu layout

FM Radio

Camera:

5MP auto-focus with LED flash and video

Operating System:

AOSP (Proprietary)

Chipset:

QM215 1.2GHz Quad-Core A53, 64-bit CPU

Audio:

Dual mic with noise cancellation

100dB+ front-facing loud speakers

HAC Rating M4/T4

Memory:

16GB ROM/2GB RAM, microSDXC card slot up to 512GB

Size & Weight:

4.36 x 2.22 x 1.07 in (110.8 x 56.4 x 27.3 mm)

6.8 ounces (192g)

USER ENVIRONMENT CHARACTERISTICS

Operating Temperatures:

-4° F to 140° F (-20° C to 60° C)

Storage Temperature:

Less than one month: -4° F to 140° F (-20° C to 60° C)

More than one month: -4° F to 113° F (-20° C to 45° C)

Humidity:

95% non-condensing

1. Certified waterproof 6.5 feet for 30 minutes.

2. Meets MIL-STD 810H for functional shock and transit drop. Dropped from 1.5 meters (approx. 5ft.) onto flat concrete surface.
