Technical Specifications

Talk Time: 21 hours¹
Standby Time: 14 days¹
Battery Type: 3240mAh non-removable Lithium ion (Li-ion)
Display: 5" FHD, 1920 x 1080 pixels, 443ppi, Dragontrail™ PRO
Operating System: Android™ 10
Chipset: SDM630 Qualcomm® Snapdragon™ processor with 2.2GHz x 1.8GHz, Octa Core CPU
GSM: Quad (2, 3, 5, 8)
LIMITS: 1, 2, 4, 5

Memory: 64GB ROM/4GB RAM microSDXC memory card slot (supports up to 512GB)
SIM Type: Nano/4FF Size
Size: 150.2 x 73.4 x 13.5mm | 5.91 x 2.89 x .53in
Weight: 235g (8.3 oz)

Media Formats:
Audio: AAC, AAC+, eAAC+, AMR-NB, AMR-WB, FLAC, MP3, MIDI, Vorbis, PCM (WAVE), Opus, QCELP, EVRC Video: H.263, H.264, H.265, MPEG-4, VP8, VP9 Image: BMP, WBMP, GIF, JPEG, PNG, WEBP

 highlights

• Rugged, Waterproof and Drop Proof for your work and daily life — Certified IP68 dust and waterproof², and Military Standard 810G protections against dust, drop, shock, vibration, high altitude, humidity, icing and freezing rain, temperature extremes and more.
• FirstNet Ready™ — With Band 14 and additional capability of the new Advanced EPTT service, First Responders have a smartphone for emergency situations and everyday use. Additional accessories offered to enhance device capabilities.
• Two-year Standard Warranty — Made with Japanese quality and precision, DuraForce PRO 2 is backed by a two-year standard manufacturer’s warranty for added protection and assurance.
• Stay Productive — DuraForce PRO 2 helps with efficient and effective work with Glove and Wet touchscreen Operation³, enhanced Enterprise Grade Wi-Fi³ for VoIP, WiFi Calling, Video Calling, and is Android Enterprise Recommended.
• Built for Enhanced Push-to-Talk (EPTT) services — Dedicated oversized side button, loud dual front speakers, powerful battery, support for EPTT accessories like headsets and Remote Speaker Mics. And onetouch EPTT support over WiFi and LTE mean expanded coverage.
• Protection in Hazardous Locations: Non-incendive Class I, Division 2, Group A-D, T4 — Certified for use in classified hazardous work environments where concentrations of flammable gases, vapors, or mists are not normally present in an explosive concentration (but may accidentally exist). Ideal for plant and field operations that need maximum security.
• Dragontail™ PRO Display — DuraForce PRO 2’s touchscreen is built for durability using Dragontail™ PRO’s display technology. This display is scratch and impact resistant and handles higher compression stress than traditional glass touchscreens.
• A More Secure and Personal World — Fingerpritsecurity sensor on the phone’s power button for biometric authentication and FIDO² app support allows simpler, stronger authentication for popular mPayment/mCommerce protocols.
• More Camera Options — Choose from a variety of photo and video options for capturing essential project data. 13MP camera + 5MP frontfacing camera; Super Wide View 4K Action Camera for capturing a variety of shots. Underwater Mode³ enables use of the phone’s hard keys for taking photos, recording video, or zooming in and out, all while underwater.

Enterprise Mobility Highlights

• Tested and approved to support key Mobile Device Management (MDM), Enterprise Device Management (EDM), and Sales Force Automation (SFA) solutions and more.
• Enhanced security features including Secure Device Encryption with FIPS 140-2 validated cryptographic module (includes AES 128/192/256), Secure Boot, TrustZone® support for Trusted Execution Environment (TEE) and more. Supports secure dataat-rest and data-in-motion in the device to help ensure that your business communication is secure.
• Suite of EMM APIs for improved management of devices on corporate network.
• Android Enterprise Recommended and Zero-touch support.
• Large 3240mAh battery, USB Type-C fast charging (Power delivery - PD2.0 compatible) and Qi Wireless Charging enabled.

Functional Design Enhancements

• FHD touchscreen and improved display readability in bright outdoor settings.
• Loud, dual front speakers (106dB) and 4 mic noise canceling that allows you to hear clearly even in the noisiest environments.
• Userprogrammable PTT and Camera keys, for quick customized access to other device functions.
• Sapphire glass lens cover protects rear cameras (13MP and 4K Action Cameras)
• Gyroscope, 3-axis accelerometer, proximity sensor, ambient light sensor, ecompass and barometer.

¹ Talk and standby performance may vary based on user settings, feature use, and network.
² Certified waterproof for up to 6.5 feet (2 meters) for 30 minutes. Before immersing your phone in water, make sure all ports and covers are properly seated, with no foreign objects obstructing the seals, to maintain the waterproof capability. The phone should never be used underwater with a broken or open SIM/microSD slot cover (located under battery cover).
³ If your phone gets wet:
• Avoid using your phone in saltwater. It is highly corrosive and can damage internal components and degrade the audio performance over time. Always rinse your phone in fresh water immediately after using it underwater.
• Dry your phone with a clean cloth before charging.
• Do not use your phone in water, make sure all ports and covers are properly seated, with no foreign objects obstructing the seals, to maintain the waterproof capability. The phone should never be used underwater with a broken or open SIM/microSD slot cover (located under battery cover).
• Cooked food or cooked formula may accidentally exist. Ideal for plant and field operations that need maximum security.
• Recognizes touch input while wearing gloves up to 3mm thick, the material, texture and thickness of the gloves as well as how it fits your hand will impact performance. Individual results may vary.
• Additional fees may apply.
• Water in the phone’s open microphone and speaker ports may affect outbound audio results may vary.
• Additional fees may apply.
• Additional fees may apply.
User Environment Characteristics

Durability:
Military Standard 810G - blowing dust & sand/vibration/transit drop from 5 feet (1.5 meters)/functional shock/salt fog/solar radiation/humidity/temperature extremes/thermal shock/high altitude/icing and freezing rain/blowing rain

IP6X - dustproof
IPX5/IPX8 - waterproof/water immersion up to 6.5 feet (2 meters) for 30 minutes

Non-Incendive, Class I, Division 2, Group A/D, T4: protection in hazardous locations

Operating Temperature:
-4° F to 140° F (-20° C to 60° C)

Storage Temperature:
Less than one month: -4° F to 140° F (-20° C to 60° C)
More than one month: -4° F to 113° F (-20° C to 45° C)

Humidity:
95% non-condensing

Hearing Aid Compatibility (HAC) Rating:
M3/T3. TTY and RTT capable

Workforce App Enhancements

• Dura Grid widget offers popular settings uniquely designed with high-contrast, large icons for improved outdoor visibility and easy access with gloved hands.
• OfficeSuite for accessing work documents.
• Google Pay support.

Camera and Video for Business Use

• 13MP camera + 5MP front-facing camera; and Super Wide View 4K Action Camera.
• Underwater Mode, Continuous Shooting, Panorama, Scene Select, Auto Scene Detect, Color Effects, Slow Motion, Time Lapse, and Action Overlay.
• Live full capture and playback, 1080p at 30fps.

Battery Features to Keep Work Going

• 3240mAh non-removable Li-ion battery.
• Qi Wireless Charging.
• USB Type-C fast charging.

Enhanced Connectivity

• 2G, 3G and 4G LTE Global ready support plus LTE international roaming makes traveling simple.
• Wi-Fi Calling.
• Video Calling.
• VoLTE for improved voice quality.
• Mobile Wi-Fi hotspot capability, up to ten connections so everyone at the jobsite can connect.
• Enterprise grade WiFi with 802.11 a/b/g/n/ac/e/r/k/v, 2.4 and 5GHz and WiFi Direct for max connectivity options on the LAN.
• aGPS with SUPL 2.0.
• Bluetooth® (5.0 + LE/EDR) wireless technology support and Bluetooth Smart Ready so that peripheral devices like heart-rate monitors, scanners and door security sensors can connect seamlessly.
• NFC support to easily exchange contact information, content, asset IDs, and mobile payment.
• Wi-Fi CERTIFIED Miracast™.
• High-speed USB 3.1 and 3.5mm headphone jack.

Extras

• HD voice.
• Corporate (Exchange ActiveSync) and personal (POP3 & IMAP) email support.
• Language and keyboard support for English, Spanish, Vietnamese, Korean, and Simplified and Traditional Chinese.
• Real Time Text (RTT).
• Wireless Emergency Alerts (WEA 2.0)

Included Accessories

• Non-removable Li-Ion battery.
• AC charger.
• USB Type-C data cable.
• Pre-installed SIM card.

Kyocera has a wide range of proven mobile accessories that turn DuraForce PRO 2 into a customized tool for business users. Visit https://www.kyoceramobile.com/accessories/.
