RUGGED RELIABILITY *REIMAGINED*

Kyocera's DuraSport 5G UW packs rugged reliability in a sleek, lightweight design—tough enough to take anywhere.

1 RUGGED DESIGN

Tested to withstand drops, sand, harsh temperatures, water, and more for the confidence to take on a tough workday, or on weekend adventures—all without hesitation.

2 RELIABLE EXPERIENCE

A rugged design that's integrated, not added—engineered slimmer for a more portable form factor with a long-lasting battery to get you through the day and into the night—no case needed for protection. And with the 2-Year Standard Manufacturer's Warranty, you're covered!

3 SOLID PERFORMANCE

Blazing fast, reliable 5G enables you to stream videos and video chat with unbeatable clarity while receiving advanced real-time location updates, even in crowded areas or indoors.

4 ACTION-READY FEATURES

Life doesn't stop when the sun goes down, and neither do photo-worthy moments. DuraSport 5G captures bright, crisp photos in low-light environments. Late-night explorations and after-hours activities pop with bold contrast and detail. Never hesitate to snap or record with this device in your hand.

5 BUSINESS-READY FEATURES

Fully equipped to tackle your most challenging workdays—whether in the office or on site—with intelligence, safety and security. DuraSport 5G offers enhanced security features incorporating Biometric Authentication via facial recognition or fingerprint sensor and Android Enterprise Recommended certification for timely security updates.

¹ Application required. Additional fees may apply.

² Certified IP68 waterproof at 6.5 ft for up to 30 minutes. Before immersing your phone in water, make sure SIM/SDCard slot is properly sealed. Avoid using your phone in salt water. Always rinse your phone in fresh water after it has been submerged.

³ Use mild soap, disinfectant wipes, or alcohol (70%).

⁴ Up to 5 feet on concrete. Compliant with a military standards test (MIL-STD-810H Method 516.6, Procedure IV "Transit Drop"). Device may not perform as tested in all conditions. Test performed in controlled environment. Do not attempt.

⁵ See product warranty for details, limitations, and exclusions.

⁶ The included AC Adapter only supports Quick Charge 2.0. For the fastest charging times, use the optional Adaptive Fast Charging AC Adapter (sold separately, model: SCP-53ADT, part#: 5AAXAD080ULA).

⁷ Talk time and standby performance may vary based on user settings, feature use, and network conditions.

⁸ Recognizes touch input while wearing gloves. The material, texture, and thickness of the glove as well as how it fits your hand will impact performance. Individual results may vary. Glove Touch Mode default is set to "off" and must be turned "on" through settings.
