Communicate one-to-one or one-to-many over Cellular or Wi-Fi networks, across multiple agencies, while utilizing the productivity features of the [DuraSport 5G](#) and [DuraForce Ultra 5G](#). One Touch Action lets you configure quick access to the most commonly used PTT+ functions like recent call, specific contacts, call groups or landing page options. With PTT+, you can do more than just talk, track and share your location, texts, alerts, photos, videos, voice messages and documents (PDFs) – all without leaving the app. Get more done with Push to Talk Plus running on Verizon's network, the nation's most reliable wireless network.
