

# ROCK-SOLID RELIABILITY

Intelligent, compact and virtually indestructible, the ultra-rugged DuraXV Extreme+ performs under even the most challenging conditions. Combine the advanced capabilities and customizable features of this device with Kyocera's ecosystem of accessory partners and business solutions to get a Total Rugged Mobility Solution to address business specific needs.

## DURAXV

EXTREME+

### Designed for Demanding Environments

DuraXV Extreme+ performs in the harshest environments with advanced performance standards including IP68 dust and waterproof and MIL-STD-810H protection against dust, shock, drops, vibration, extreme weather conditions<sup>1</sup>, and more. DuraXV Extreme+ is also certified HazLoc Non-Incendive, Class I, Div 2, Group A-D, T4 for protection in hazardous locations environments where concentrations of flammable gases, vapors or mists are not normally present in an explosive concentration (but may accidentally exist).<sup>2</sup>

### Usability

Large font and clear display for superior readability.

Large, tactile glove-friendly keypad and buttons.

Convenient buttons at the top of the device for quick access to activate speaker phone and end calls or to advance to next channel when in PTT mode.

### Productivity & Connectivity

Push to Talk Plus (PTT+) over cellular/Wi-Fi. Use as walkie talkie or augment with LMR devices.<sup>3</sup>

Use DuraXV Extreme+ as a reliable Remote Speaker Mic (RSM) using the programmable buttons on top of the device to advance through channels in talkgroups.

Cellular/Wi-Fi calling with HD voice and Wi-Fi hotspot connects up to 10 devices.<sup>3</sup>

Eco Mode and Battery Care Mode optimizes battery usage and extends battery life.

Car Kit Power On/Off Mode turns device on/off with ignition when installed in car cradle.

Wireless Priority Service with eMPS; Real-Time Text (RTT) support.

### Customization

Customizable main menu provides quick access to frequently used applications, and the ability to enlarge font sizes.

Multiple programmable keys including SOS<sup>3</sup>, Push to Talk Plus (PTT+)<sup>3</sup>, Speaker key, Call List key, and 4-way navigation keys.

Manage and restrict device features on employee's phones with preloaded Verizon MDM or Device Control.

## ACCESSORIES

Wi-Fi 802.11 a/b/g/n/r/k/ac (2.4GHz & 5GHz)

Mobile hotspot (up to 10 connections)<sup>2</sup>

Bluetooth® 5.1 + LE/EDR

#### Location Access:

Assisted GPS: SUPL 2.0 (VoLTE E911 only)

Standalone: GPS/GLONASS

Barometric Pressure Sensor: supports FCC Z-Axis (E911) requirements

#### Services and Applications:

Device Control

Verizon Field Force Manager

Push to Talk Plus

Remote Access

FM radio

Verizon MDM

#### Camera:

5MP auto-focus with LED flash and video (Non-camera version available)

#### Operating System:

AOSP (Proprietary)

#### Processor:

MediaTek 6761 Helio A22, 3-Core, 2GHz smartphone processor

#### Audio:

Dual mic with noise cancellation

100dB+ front-facing loud speakers

HAC Rating M4/T4

#### Memory:

16GB ROM/2GB RAM, microSDXC card slot up to 512GB

#### Size & Weight:

4.36 x 2.22 x 1.07 in (110.8 x 56.4 x 27.3 mm)

6.8 ounces (193g)

### USER ENVIRONMENT CHARACTERISTICS

#### Operating Temperatures:

-4° F to 140° F (-20° C to 60° C)

#### Storage Temperature:

Less than one month: -4° F to 140° F (-20° C to 60° C)

More than one month: -4° F to 113° F (-20° C to 45° C)

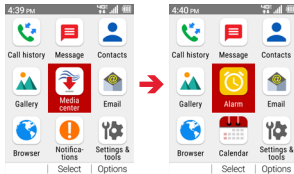

#### Humidity:

95% non-condensing

# USABILITY, PRODUCTIVITY & CUSTOMIZATION

## **P** PROGRAMMABLE KEY

### USER CUSTOMIZABLE MAIN MENU:

Replace and reposition main menu layout with most commonly used features

## **P** PROGRAMMABLE 4-WAY NAVIGATION KEYS FOR QUICK ACCESS

### DEDICATED KEYS FOR QUICK OPERATIONS:
